SENATE MOTION

MR. PRESIDENT:

I move that Engrossed House Bill 1430 be amended to read as follows:

1   Page 3, between lines 39 and 40, begin a new paragraph and insert
2   the following:
3   "SECTION 7. IC 3-7-26-2, AS AMENDED BY P.L.199-2001,
4   SECTION 4, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE
5   JULY 1, 2003]: Sec. 2. (a) The election division shall develop and
6   maintain a statewide voter registration file.
7   (b) Subject to section 20 of this chapter, not later than July 1, 2004,
8   the election division shall maintain the statewide voter registration file
9   so that the file is accessible by the election division and county voter
10   registration offices through a secure connection over the Internet.
11   **(c) The statewide voter registration file must contain at least the**
12   **following information for each voter:**
13   **(1) The voter's voting history for at least the previous ten (10)**
14   **years, if available, including the political party ballot**
15   **requested by the voter at any primary election during the**
16   **period.**
17   **(2) The source of the voter's registration application.**
18   **(3) A listing of all previous jurisdictions in which the voter**
19   **was registered to vote.**
20   **(4) Information concerning the documentation submitted by**
21   **the voter to comply with the requirements of the federal Help**
22   **America Vote Act of 2002 (42 U.S.C. 15301 through 15545).**
23   **(5) An electronic mail address if supplied by the voter.**
24   **(6) Documentation of all changes to the registration made by**
25   **the voter.**
26   **(7) Documentation concerning all notices sent to the voter by**
27   **the county voter registration office.**
28   **(d) The statewide voter registration file must include at least the**
29   **following:**
30   **(1) Absentee ballot management features that:**
31   **(A) manage absentee ballots based on the type, eligibility,**

1 and status of the absentee voter;

2 **(B) permit the printing of absentee labels by group, date,**

3 **or by individual for use by a voter voting in person at the**

4 **county election board office;**

5 **(C) permit the documentation of the date that each**

6 **absentee ballot is issued and returned;**

7 **(D) permit the printing of absentee ballot applications with**

8 **voter registration information for the absentee ballot**

9 **applicant;**

10 **(E) use bar code technology; and**

11 **(F) interface with a ballot on demand system.**

12 **(2) Full document imaging features, including:**

13 **(A) electronic file folders that store multiple documents for**

14 **each voter;**

15 **(B) a single scan that captures both a document and**

16 **signature;**

17 **(C) back up of critical documents on optical media for**

18 **archival purposes;**

19 **(D) the annotation of document images;**

20 **(E) backfile image conversion; and**

21 **(F) storage of multi-media files, such as photographs and**

22 **audio messages.**

23 **(3) Election and poll worker management features that:**

24 **(A) include petition verification, audit, and management**

25 **functions, such as:**

26 **(i) calculations of the minimum number of valid**

27 **signatures by registered voters for a petition of**

28 **nomination in an election district;**

29 **(ii) reports listing the valid and invalid signatures on**

30 **each petition of nomination; and**

31 **(iii) reports listing daily counts of valid and invalid**

32 **signatures on petitions of nomination;**

33 **(B) track contact information for individuals who have**

34 **submitted petitions for processing by the county voter**

35 **registration office;**

36 **(C) verify petition signatures against voter registration**

37 **signatures by displaying digitized signatures for**

38 **comparison;**

39 **(D) track service and performance records for past,**

40 **current, and potential poll workers and contain contact**

41 **information for those poll workers;**

42 **(E) report poll worker vacancies to permit vacancies to be**

43 **filled before election day;**

44 **(F) include print-on-demand services;**

45 **(G) track poll worker pay, including mileage, and whether**

46 **poll workers served for only part of an election day; and**

47 **(H) permit a circuit court clerk to transmit reports or**

48 **statements to the election division under IC 3-6-5, IC 3-7,**

1	or IC 3-12-5.
2	**(4) Security features, including:**
3	**(A) daily backup following business hours; and**
4	**(B) off-site data housing and disaster contingency plans.**
5	**(5) Signature digitizing features that:**
6	**(A) permit signatures to be cropped and stored from voter**
7	**registration and other forms;**
8	**(B) permit signatures to be viewed within absentee,**
9	**petition, or voter registration modules within the system;**
10	**and**
11	**(C) generate audit trail reports concerning transfer logs,**
12	**work file reports, missing voter signatures, and signatures**
13	**without voters.**
14	**(6) Street file management features that:**
15	**(A) include an integral street file with automatic**
16	**assignment to election districts and jurisdictions based on**
17	**residence address location;**
18	**(B) permit changing street names throughout a county or**
19	**for specific areas within a county;**
20	**(C) include tools to identify and correct errors in the**
21	**geographic assignment of jurisdictions;**
22	**(D) permit interfacing with geographic information**
23	**systems;**
24	**(E) permit comprehensive changes to reflect changes in**
25	**legislative district or precinct boundary lines;**
26	**(F) permit the accommodation of multiple place names**
27	**within a ZIP code; and**
28	**(G) permit the tracking and management of data**
29	**concerning polling place locations.**
30	**(7) Voter registration management features that:**
31	**(A) automatically assign voter identification numbers in**
32	**accordance with this title;**
33	**(B) calculate the number of registered voters by precinct**
34	**or any election district;**
35	**(C) permit expedited web based inquiries concerning**
36	**polling place locations;**
37	**(D) track and report all NVRA and voter list maintenance**
38	**transactions performed within the system;**
39	**(E) permit tracking regarding the political party ballot**
40	**requested by voters voting in a primary;**
41	**(F) generate a variety of reports in paper, compact disc, or**
42	**floppy disc format, such as walking lists, call lists, lists of**
43	**voters by precinct, lists of voters by name, date of birth or**
44	**date of registration, and lists of voters by other household**
45	**data;**
46	**(G) identify voters who are currently less than eighteen**
47	**(18) years of age;**
48	**(H) permit electronic processing of voter registration**

1   **information received as files from other state and federal**
2   **agencies;**
3   **(I) provide flexible query functions for management and**
4   **statistical reports;**
5   **(J) support sophisticated mailing equipment for reduced**
6   **postage costs; and**
7   **(K) contain full audit controls and management reports to**
8   **track and manage the work of county voter registration**
9   **office employees.**
10   **(8) A help desk support feature, staffed by individuals who**
11   **can provide assistance to county voter registration offices**
12   **regarding the proper operation of the system.**
13   **(9) Other features as determined by the election division.**
14   **(e) This subsection applies to a county with a county voter**
15 **registration office described in IC 3-5-2-16.2(1) or IC 3-5-2-16.2(2).**
16 **The statewide voter registration file must permit a county election**
17 **board to view data concerning voters of the county to:**
18   **(1) administer absentee balloting; or**
19   **(2) determine whether an individual who wishes to file as a**
20   **candidate is a voter of the county.**".
21   Renumber all SECTIONS consecutively.
     (Reference is to EHB 1430 as printed April 2, 2003).
